

Our Company

LCSW Evaluations and Clinical Social Work, P.C is a professional mental health agency, formed to facilitate a variety of services in the field of counseling and clinical social work.

We employ only accomplished professionals with LCSW licenses who are members of the National Association of Social Workers. We strive to provide the highest quality care possible and uphold our ethical and professional standard in line with the NASW Code of Ethics.

Our services are covered by Medicare and do not require co-payments most of the time.

Our agency specializes and has extensive experience in working with frail and disabled individuals who are homebound.
